

Tillamook PUD Contractors Inspect North County Electrical Facilities

July 17, 2008- Tillamook PUD has contracted with Utility Asset Management to perform its annual safety inspection of facilities.

The contractors will inspect all meters, poles and underground electrical facilities in the areas of Nedonna Beach, Wheeler, Nehalem, Manzanita, Neah-Kah-Nie, and Mohler, including Miami Foley Road, Foss Road, Highway 53 and North Fork Road. Inspection activities are expected to continue for approximately six months.

Inspectors will drive vehicles marked Safety Inspector - Tillamook PUD Contractor, and individual inspectors will wear an orange safety vest labeled "utility inspector." The inspector's photo identification will also be displayed on the vest.

Annual inspections are mandated by the Oregon Public Utility Commission and are intended to promote safety and reliability of Tillamook PUD's electrical facilities.
